# 1. Introduction

EGrocery is a web-based application developed using .NET C# with a clean architecture. This manual is designed to help you navigate and make the most of your shopping experience on our platform. The website aims to provide a user-friendly experience for customers, allowing them to browse through a variety of grocery items, place orders, and get their grocery delivered quickly.

## Key Features:

- Easy browsing through various categories of grocery items.
- Detailed product descriptions.
- A simple and secure checkout process.
- Real-time order tracking and updates.
- Account management for a personalized shopping experience.
- User authentication and authorization using ASP.Net Core Identity.

## 5. Checkout Process

### Reviewing and Placing an Order

- **Review Your Order:** Confirm your items and shipping address.

The screenshot displays the EGrocer checkout interface. At the top, a navigation bar includes the EGrocer logo, a menu with 'All Categories', and links for Home, Shop, Pages, and Dashboard. A shopping cart icon and a user profile icon are on the right. Below the navigation bar, a breadcrumb trail shows 'Home / Shop / Shop Checkout'. The main content area is divided into two columns. The left column, titled 'Checkout Form', contains input fields for Full Name, Email Address, Address, Phone Number, City, State, and Zip Code, each with a placeholder text. The right column, titled 'Order Details', lists the items in the cart: 'kjafsd' (33.00Liter, Rs.2131.00), 'Orange Juice' (1.500gram, Rs.3.50), 'Cheddar Cheese' (0.50Liter, Rs.5.00), and 'Salmon' (1.50Kilogram, Rs.10.00). Below the items, a summary table shows 'Item Subtotal' (Rs.2149.50), 'Service Fee' (Rs.0.00), and 'Subtotal' (Rs.2149.50). A green 'Confirm Order' button is at the bottom of the order details section. The footer contains the EGrocer logo and tagline 'Consume Smartly Live Healthy', a 'Links' section with Privacy, Terms, and Disclaimer, and a 'Contact' section with a phone number, address, and email.
